American Numismatic Society.

A friend of mine has several hundred old Roman, Greek, Syrian & Turkish coins which her father collected seventy five years ago in the Near East. Will you refer me to a dealer who would be interested in their purchase. More definite information will be furnished.

Yours truly

W. C. Hunter

Dear Sir:

Replying to your favour of December 8th,
we are interested in the particular field of coins
about which you write. We might be glad to pur-
chase some of these coins for our Museum, and would
appreciate it if you would send them to us. After
seeing them, we could advise you as to the best place
to send them for sale, provided the Society decided
not to retain all those that you care to send here.

Very truly yours,

Secretary
